**gold sponsors:**

**Dear colleagues,**

this year we celebrate the 6th anniversary of UPDATE IMPLANTOLOGY. Last year's anniversary celebrations were attended by more than 220 participants; the number of our party guests were even higher. The high number of interested people inspires us and gives us confidence to remain true to our concept and our principles.

The mixture of interesting speakers by nationally and internationally widely acknowledged lecturers, as well as the power of the new generation of lecturers will be the ingredients of this unique event this year. Participants can attend different workshops and dental exhibitions. It is our personal conviction that only constant training, different forms of specializations and the strong believe in the power of innovations can guarantee the professional and economic success of the dental practice.

In my function as ICOI-Vice President for Germany I can support you by inviting the most experienced and renowned lecturers from Germany and abroad. I hope you will take advantage of the opportunity and attend our conference.

Finally we would like to thank all the people who have helped us organizing this event. We would like to thank our sponsors, our consultants and of course our participants from all over the world.

**Dr.med.dent.U.M.F. Neumarkt Marius Steigmann**  
ICOI-Vice President for Germany

**Organizing Committee:**  
ZA Klaus Kirste, Dr. Jörg Schmoll, Dr. Uwe Richter and ZTM W. Bollack
